In the United States Patent and Trademark Office

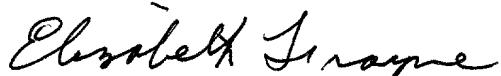

Assistant Commissioner for Patents
Washington, District of Columbia 20231

Sir:

Please file the following enclosed patent application papers for "Microbial Production of Nuclease Resistant DNA, RNA, and Oligo Mixtures." The sole inventor is myself Elizabeth Gay Frayne. The specification is 19 pages with four drawings and 13 claims (three independent and no multiple dependent). Included is an application data sheet, sequence listing both paper and disk copy, declaration, information disclosure statement, nonpublication request, patent application fee determination record, and a check for \$370. A related provisional application was mailed Oct. 23, 2001 and has not been received at the Patent Office owing to unusual mail delay. Two other related provisional applications should be noted 60/100,231 filed 9/14/98 and 60/152,371 filed 09/07/99. A continuation of 60/152,371 was also filed but was never reviewed before expiration. The assignee should be listed as Frayne Consultants of Diamond Bar, CA.

Please under MPEP 707.07(j) the pro se applicant requests that if the Examiner fines patentable subject matter disclosed in this application, but feels that Applicant's present claims are not entirely suitable, the Examiner draft one or more allowable claims for the applicant.

Respectfully submitted,

Elizabeth G. Frayne
Frayne Consultants
